

I am proud to announce the publication of my first book in Turkish. The original edition of Social Media Abyss appeared in May 2016 with Polity Press, simultaneous with the Italian translation (EGEA Bocconi), which was followed by the German edition (Transcript Verlag, 2017). Chinese and Spanish translations will come out later in 2018. The Turkish edition was published by [Otonom Yayincilik](#) in Istanbul. You can order Sosyal Medyanın Dipsiz Kuyusu [here](#) and [here](#) and [here](#). I am going to do book presentations in Istanbul and Ankara late April 2018.
